WORLD-CLASS MANUFACTURING.

CONTROLLED FROM START TO FINISH

At Masterhose, quality is **engineered** into every step of the manufacturing process. Our global manufacturing footprint includes five state-of-the-art hose factories and one dedicated fittings factory, giving us **complete control** over production from raw material selection through to final testing and dispatch.

Our vertically integrated manufacturing model insures **consistency, traceability, system compatabilty** and **long-term reliability** across every hose and fitting we produce. Backed by **advanced manufacturing technology**, rigorous quality testing, global supply networks, and experienced technical support. **Masterhose** delivers dependable solutions for hydraulic, industrial, mining, transport, construction and OEM applications.

+30 Years Australian Industry Expertise

Three decades of proven experience serving WA's toughest industries since 1994

Global Sourcing with Local Service

Access to world-class hydraulic and industrial hose technology through international supply networks

Industry-Leading Technical Support

Expert advice from experienced hydraulic specialists who ensure optimal system performance

Comprehensive Multi-Industry Solutions

Full range of hoses, fittings, custom assemblies, and maintenance services under one roof

BUILT ON QUALITY.
BACKED BY CONTROL.

From raw materials to final dispatch, every stage is managed under strict Masterhose specifications – delivering reliability, performance and peace of mind, every time.

WHO ARE **MASTERHOSE**?

Founded in 1994, Masterhose is a leading supplier of high-quality hydraulic and industrial hose and fitting solutions, proudly serving the mining, heavy, agricultural, and oil & gas sectors for 31 years. Our extensive industry experience, coupled with global sourcing expertise, ensures that our customers receive the right products and services to meet and exceed their specific needs. As a trusted name in Western Australia and beyond, Masterhose continues to expand its reach, with our rapid growth of our MASTERHOSE brand, which has set new standards in hydraulic hose and fitting technology.

WHY CHOOSE **MASTERHOSE**?

With an absolute commitment to quality, innovation, and customer satisfaction, Masterhose promises not only to deliver top of the range products, but to also be industry leaders in the expert advice and support that our experienced team can supply, in order to ensure the optimal performance of all your hydraulic and industrial systems. We take pride in our ability to source and provide tailored solutions to any problem you might face.

MISSION STATEMENT

“At Masterhose, our mission is to provide innovative, reliable, and high-quality hydraulic and industrial solutions that drive the success of our customers across the mining, oil & gas, and industrial sectors worldwide. With over 30 years of industry expertise — and the strength of five state-of-the-art hose manufacturing plants and one advanced fittings factory — we deliver unmatched capability, consistency, and performance.

We are committed to exceptional service, strong technical support, and building long-term partnerships that empower our customers’ growth. With an unwavering focus on safety, efficiency, and sustainability, Masterhose strives to lead the industry in every aspect of quality, service, and supply.”

NATIONAL DISTRIBUTION NETWORK

MASTERHOSE LOCATIONS

Masterhose HQ - Landsdale, WA
Hosemart Midwest - Geraldton, WA
Hosemart Wangara - Perth, WA
Hosemart Goulburn - Goulburn, NSW

DISTRIBUTOR LOCATIONS

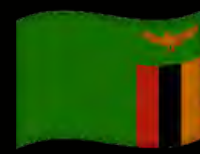

Hose Pro Southwest - Bunbury, WA
Port Hedland, WA
Total Flex - Burnie, TAS
Total Flex - Hobart, TAS
Total Flex - Launceston, TAS
VMech Solutions - Sunshine Coast, QLD

Built on the strength of MASTERHOSE, **HOSEMART** is the dedicated service division delivering expert hose assembly, repairs, and technical support through our growing network of service locations across Australia. Supported by our trusted **distributor** network and proven supply systems, MASTERHOSE continues to expand its reach nationwide.

GLOBAL DISTRIBUTION NETWORK

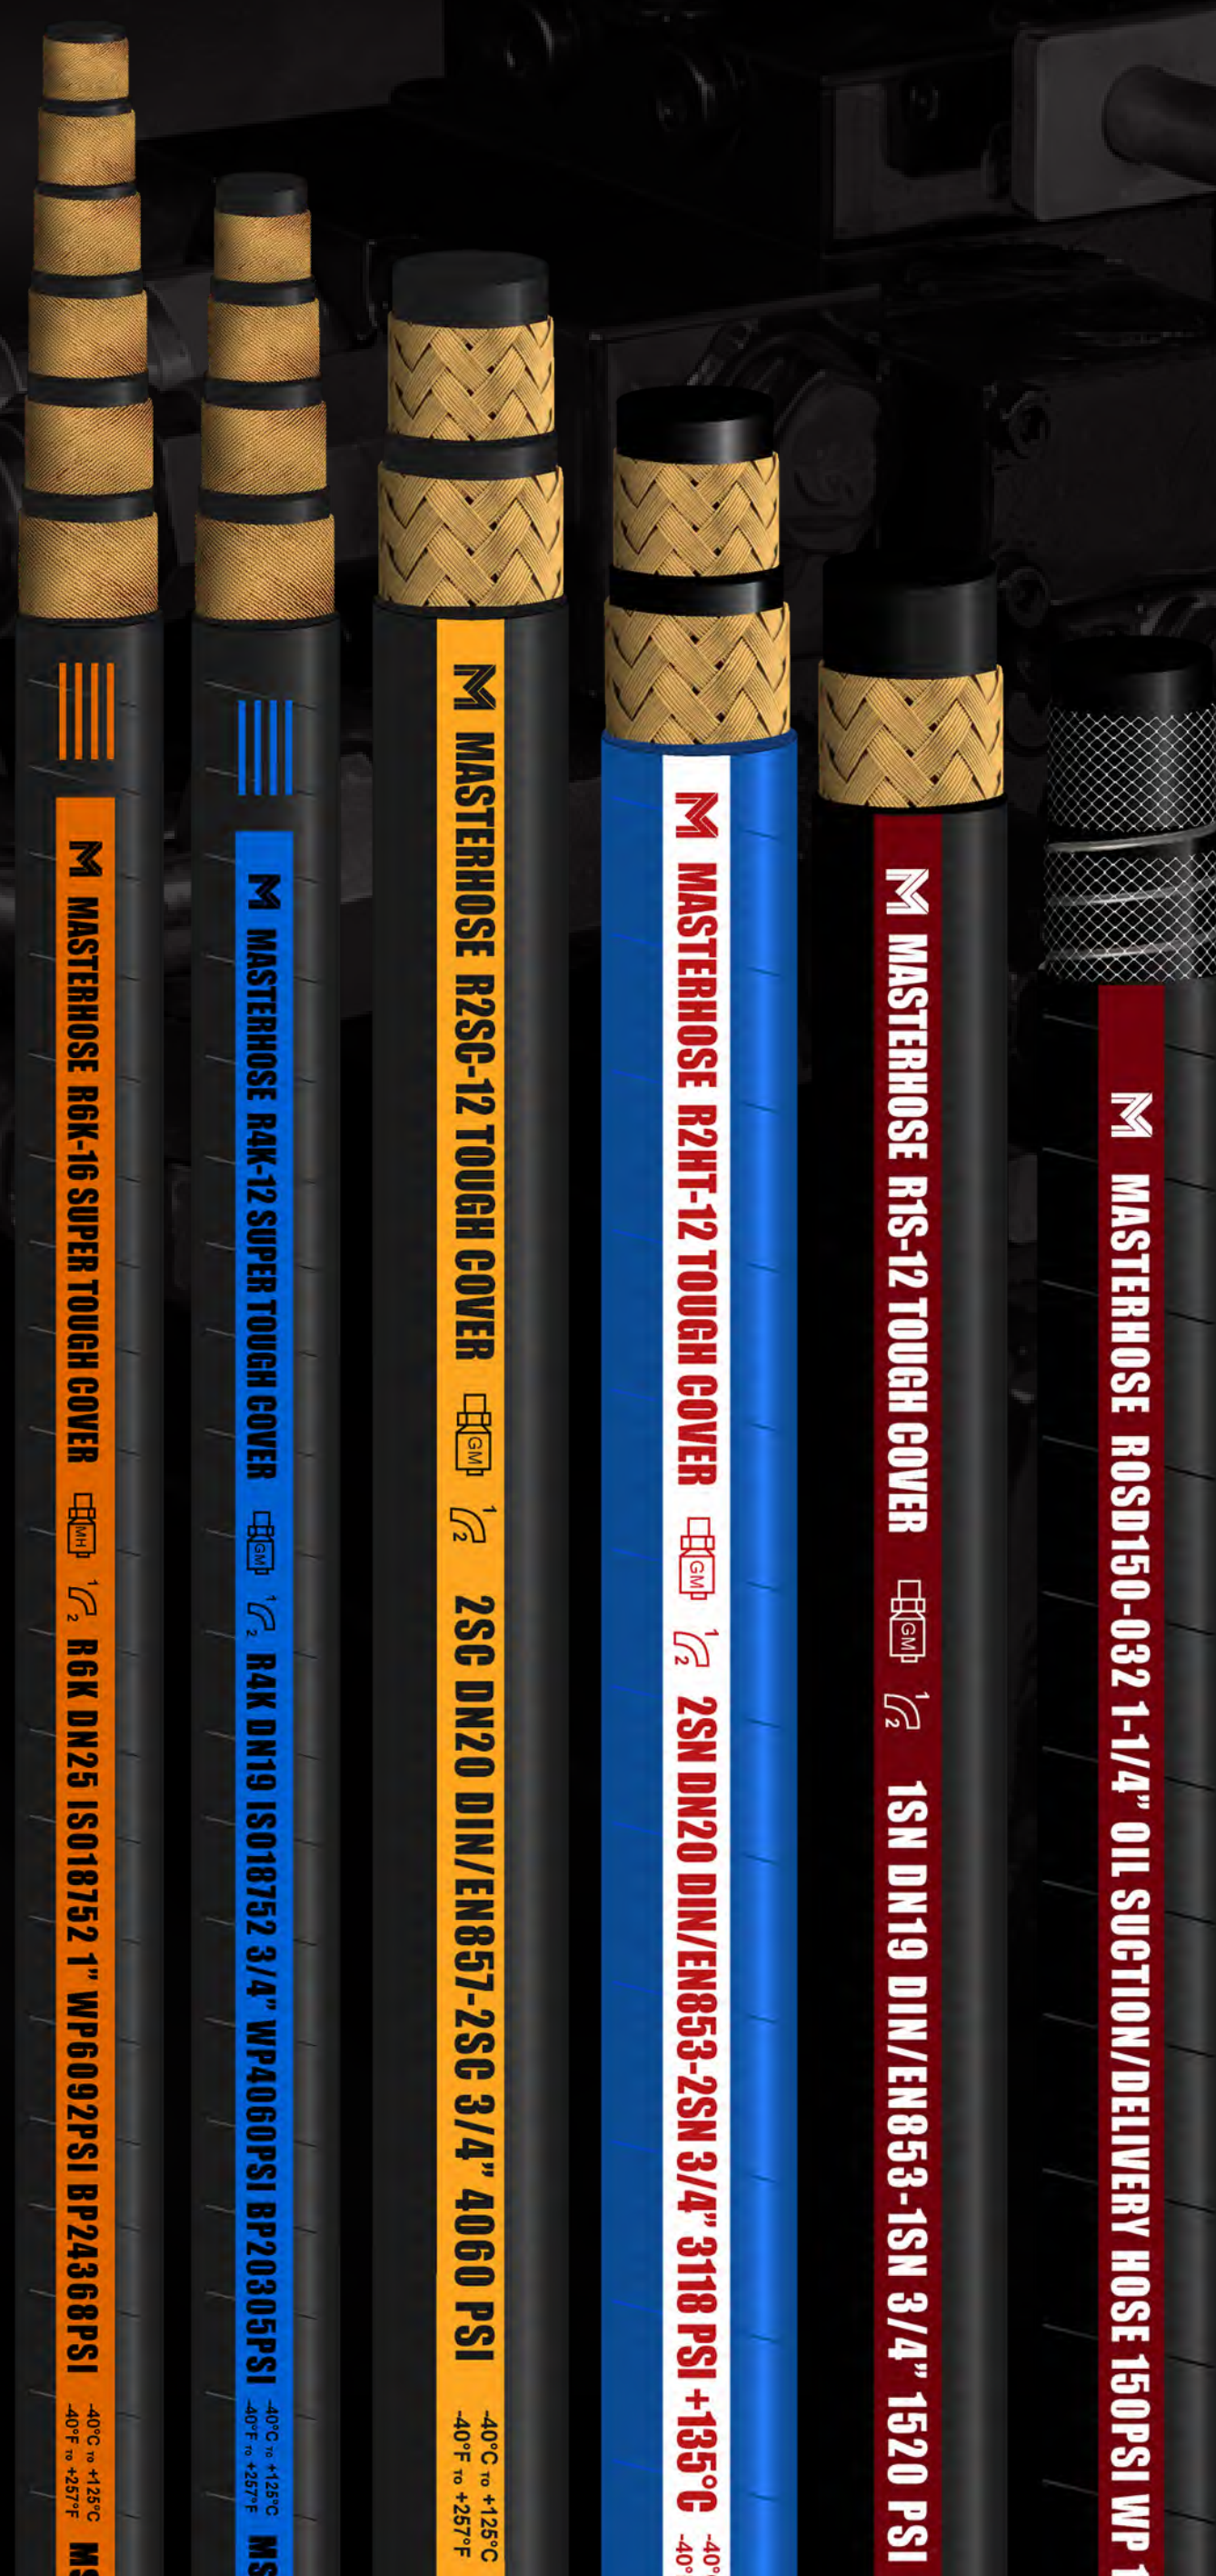

GLOBAL PARTNERS

Through our international manufacturing and **distribution** network, **Masterhose** delivers reliable hydraulic and industrial solutions across global markets. Backed by strategic partnerships, advanced manufacturing capability, and dependable logistics, we provide consistent supply, technical support, and proven performance wherever our customers operate.

MASTERHOSE HYDRAULIC HOSE

Construction: Steel wire braided hydraulic hose. Safety Factor: 4:1

Inner Tube: Black oil-resistant synthetic rubber

Reinforcement: One braid of high tensile steel wire.

Cover: Smooth FLAME-RESISTANT TOUGH COVER oil, temperature and weather resistant with 30% more abrasion resistance than standard cover.

Fittings: GM series

Approvals: Exceeds SAE DIN EN853, MSHA IC-307 Tested Impulse Cycles: 500,000

Application: High pressure service with Petroleum based hydraulic fluids and oils, water-glycol, oil grease and lubricants. For air applications above 100psi, outer cover should be perforated.

Temp Range: -40°c to +125°c

R4K-32	2"	50.8	68.4	280	4060	1400	20300	395	6.94

Construction: Steel wire spiral hydraulic hose. Safety Factor: 5:1

Inner Tube: Black oil-resistant synthetic virgin rubber, allowing for unparalleled flexibility

Reinforcement: Four spirals of high tensile steel wire ½ bend radius

Cover: FLAME-RESISTANT SUPER TOUGH COVER oil, temperature and weather resistant with 40% more abrasion resistance than standard cover.

Fittings: GM series

Approvals: ISO 18752-CC, MSHA IC-307 Tested Impulse Cycles: 1,000,000

Application: High pressure service with petroleum based hydraulic fluids and oils, water-glycol, oil grease and lubricants. 4000psi constant working pressure.

Temp Range: -40°c to +125°c

MASTERHOSE R6K ISOBARIC 6000 - CONSTANT WP 6 WIRE SPIRAL HYDRAULIC HOSE

Masterhose Petroleum Suction Hose is engineered for heavy-duty suction and discharge applications, reinforced with a durable steel wire helix for maximum strength and flexibility. Designed to handle the transfer of oil and petroleum-based products with aromatic content up to 55%, it performs reliably under both positive and negative pressure systems. Finished with a rugged black wrapped cover, this high-performance hose is ideal for demanding industrial environments where durability and performance are essential.

Masterhose Oil Delivery Hose is designed for efficient and reliable transfer of oil and petroleum-based products, including those with aromatic content up to 55%. Built for durability, it features a robust construction with high-quality rubber compounds and reinforced textile braiding to ensure excellent flexibility and pressure resistance. The smooth, abrasion-resistant black cover enhances performance in tough working environments, making it ideal for bulk oil delivery, refuelling operations, and industrial fluid handling.

Masterhose Extra Flex Oil Delivery Hose is designed with enhanced flexibility in mind, this hose features a premium rubber inner tube and reinforced textile construction that allows for superior bend radius and easy handling without compromising strength or pressure performance.

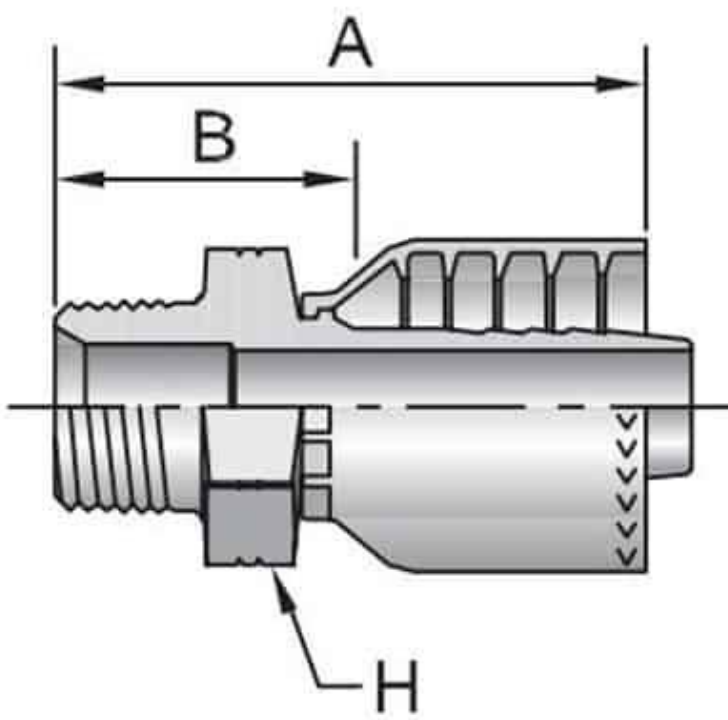

Its highly flexible design makes installation and operation effortless in tight spaces or demanding environments, while the smooth, abrasion-resistant black outer cover provides added durability and long service life. Ideal for bulk oil delivery, refuelling applications, workshop use, and general industrial fluid transfer where maximum flexibility is essential.

HYDRAULIC EQUIPMENT

P16 HAND PUMP

The **MF-P16HP** is a hand-operated hydraulic crimping machine designed for workshop repairs and on-site use. It is user-friendly, lightweight, and compact, making it easy to transport and operate in any location.

TECHNICAL DATA	
Max crimping dia (mm)	10-45
Max crimping dia (Inches)	0.39-1.77
Max crimping force (kN)	955
Max crimping force (Tonnage)	95
Cycle time 10mm (s)	
Hose size ID (inches)	1
Die set series	P16
Max opening (mm)	(+) 20
Max opening without dies (mm)	59
Master die D / L (mm)	39 / 64
Master die D / L (inches)	1.54 / 2.52
Motor power	Hand Operated
DIMENSIONS (L x W x H)	
P16HP (mm)	330 x 450 x 291
P16HP (Inch)	13 x 17.7 x 11.5
Package (mm)	475 x 460 x 410
Package (Inch)	18.7 x 16.9 x 16.1
WEIGHT (KG)	
N.W	26
G.W	34

P32D CRIMPER

The **MF-P32D** hose crimping machine is engineered for efficient crimping of hoses up to 2" diameter. Designed for workshop use, it features a user-friendly CNC control system for fast, accurate, and reliable operation.

CNC system features

- Setup Max. Opening
- Correction/Offset
- Pressure Maintaining Time Delay Function
- Speed Change
- Quality Report
- Pressure Control
- Step Crimping
- Save Crimping Data
- Counting
- Setup Special Die

control

- Semi-Automatic
- Automatic
- CNC

Standard features

- Quick Change Tool
- Die Racks
- Foot Pedal

P32CSD MOBILE CRIMPER

24V & 12V

The **MF-P32CSD** hose crimping machine is designed for fast and efficient crimping of up to 2" diameter hydraulic hoses. Compact and easy to operate, it is ideal for car service and repair applications. Powered by a 12V or 24V battery system, it offers reliable performance and portability for field or workshop use (12V NON DIGITAL).

CNC system features

- Setup Max. Opening
- Correction/Offset
- Pressure Maintaining Time Delay Function
- Speed Change
- Quality Report
- Pressure Control
- Step Crimping
- Save Crimping Data
- Counting
- Setup Special Die

MH120L CRIMPER

The **MH120L** is suitable for small batch production and high-efficiency operation, with the capability to crimp up to 2" R13/R15 or 3" 2SP hoses. Designed with a compact, ergonomic structure to maximise operator safety, strength, and ease of use.

CNC system features

- Setup Max. Opening
- Correction/Offset
- Pressure Maintaining Time Delay Function
